
VINON 20TH ANNIVERSARY

2006-2026

September 10-12

Thank You

Grateful for You

Dear Janar,

Time flies, and memories endure.

VINON has reached a remarkable milestone — our **20th Anniversary**.

Looking back on the journey we have shared, our hearts are filled with gratitude. For two decades, it has been your trust, support, and partnership that have helped VINON grow from a small seed into a thriving tree — from a blueprint into reality.

To mark this special occasion, we were honored to welcome you to Shanghai and celebrate twenty years of shared success together.

Thank you for traveling from far to be part of this unforgettable anniversary. From the excitement of our new product launch, to the laughter and celebrations of the gala dinner, from recognizing the achievements of our valued partners and team members, to visiting our factory and sharing unforgettable moments together — every moment became more meaningful because you were there.

What follows is a collection of the precious memories we created together — moments of celebration, friendship, partnership, and the journey we have shared.

Thank you for being part of the VINON & BIHUI story.

20 Years & Beyond.

The Future Is Bright

Twenty years — the prime of youth; two decades — the height of vitality.

The success of this celebration would not have been possible without every one of you who attended. Every smile, every round of applause, every word of blessing you shared — we treasure them all in our hearts. These photos capture not just moments, but the memories and friendship we have built together.

Standing at a new starting point, VINON will continue to build on quality as our foundation, innovation as our engine, and you — our partners — as our fellow travelers, as we stride toward the next remarkable decade, and the next twenty years.

May we March As One and create the future together.

We look forward to our next gathering!

With sincere gratitude,

The VINON Group

THANK YOU FOR BEING PART OF OUR JOURNEY
